

Discerning What to Pledge for the Operating Fund in 2019

Below is a chart of 2018 giving levels, including the average pledge and an income-based Percentage Giving Chart. If you already make a pledge to give, please try to increase it by using this chart and setting a goal for yourself; Where do you want to be? Are you ready to work towards a 5% or 10% goal?

Our 2019 goal is for **every** household at St. Michaels to make a commitment to give by November 4th, no matter how large or small. If everyone does so, we will more than fully equip our church and fund the powerful mission and ministries that St. Michael's is called to carry out!
