

## Discerning What to Pledge for the Operating Fund in 2020

Below is a chart of 2019 giving levels, including the average pledge and an income-based Percentage Giving Chart. If you already make a pledge to give, please try to increase it by using this chart and setting a goal for yourself; Where do you want to be? Are you ready to work towards a 5% or 10% goal?

Our 2020 goal is for **every** household at St. Michaels to make a commitment to give by November 3rd, no matter how large or small. If everyone does so, we will more than fully equip our church and fund the powerful mission and ministries that St. Michael's is called to carry out!
